

How to install and register *The Discovery Bible* software

1. Download the software by clicking the link that matches the type of computer you have, Windows or Mac.

For Windows Vista, 7, 8, and 10 (including Intel-based Windows tablets): <http://windows.thediscoverybible.com>

For Mac OS X 10.9 (Mavericks) and later (**Not** yet available for iPhone or iPad): <http://mac.thediscoverybible.com>

[Depending on your internet speed, this can take from a few minutes to an hour or longer. It may pop open the "Free Trial" page on *The Discovery Bible* website during this process. You do **not** need to do anything on this page. Rather, just wait for the downloading process to finish.]

2. When the download is completed, click on TheDiscoveryBible.Install.exe (for Windows) or TheDiscoveryBible.dmg (for Mac). This is usually at the bottom of your screen. Alternatively, you can find the downloaded file in the "Downloads" folder. Simply look for the icon  and double-click on it.

If you are on a Mac, drag  into the "Applications" folder and jump to #8.

3. You may get a message that says: "Do you want to allow this app from an unknown publisher to make changes to your device?" Click "Yes".
4. A pop-up will appear that is the "User License Agreement". Click the button "I accept the agreement".
5. Continue clicking "Next".
6. Click "Install". A pop-up will appear explaining that your computer needs to restart in order to finish the installation. You can choose to restart now or later. Click "Finish".
7. Find the shortcut (icon ) and click it to open *The Discovery Bible* software. (If you are on a Mac you will find it in the "Applications" folder.)
8. *The Discovery Bible* software is now ready to use, but without entering an identification and key it will be restricted to *1 John* and *Psalms* after 14 days.

9. Both your identification and license (serial) key must be entered **exactly** (capital or lower case letters, spaces, colons, etc.) as they appear in the email you received, so it's best to simply copy-and-paste in **both** items.
 - a. Click the blue link on the front page that says "enter your license key" or click "Help" in the upper left corner of the program.
 - b. Enter ALL the information included for your identification (everything highlighted in red in the samples below). This may be just your name, but it may include more information. It will look something like one of the following:
 - Your user identification is:
John Smith
 - Your user identification is:
Complimentary-NTANDOT-HELPS:: John Smith
 - c. Enter your license (serial) key.
 - d. Click "OK".
 - e. The program will need to close to complete activation.

10. *The Discovery Bible* software is now permanently installed on your computer. Each time you wish to open the program, simply click *The Discovery Bible* icon  (the Greek present imperative symbol in the russet-red ball).

Happy studying!
